cards, and transportation/ticketing cards. Shipments by manufacturer in 2015 of those cards are shown here along with nonpayment cards for healthcare, identification, access control, membership/loyalty, gaming, ecommerce/digital certificates, and promotions, as well as for driver's licenses.

Gemalto continued to be the largest manufacturer of SIM cards for mobile phones. XH Smartcard had the largest increase in units shipped, up 150.0 million, followed by Beautiful Card (up 115.2 million).

Workz had the largest number of prepaid phone cards shipped, and FutureCard continued as the top manufacturer of other phone cards. TravelTags and Abnote produced the most private label prepaid cards. China Card Group (Shanghai China Card Smart Card Co.) shipped the most transportation/ticketing cards, followed by Gemalto. The nonpayment card category was led by CPI Card Group and Exceet Card Group.
